Client \ City of Chelmsford

Architects \ Pollard Thomas Edwards

Creating intimacy and openness at the award-winning City Park West

City Park West Phase 2, is the final phase of the redevelopment of Chelmsford's former Anglia Ruskin University site. This phase completes the vision outlined in architects Pollard Thomas Edwards' (PTE) master plan for client Genesis Housing Association, transforming the west end of Chelmsford. Once completed, a series of public squares and refurbished heritage buildings, commercial spaces and over 600 new homes create a new gateway to the city of Chelmsford.

“CORIUM simultaneously
creates intimacy and **openness.**”
